WELCOME

INTRANSIT
The magazine for secure parking
areas and transport companies,
No. 19 May 2021

Dear Members and Friends of ESPORG,

ESPORG is quickly growing and has been busy establishing new partnerships, supporting projects to build new safe and secure parking areas, and offering new opportunities for knowledge and growth within the logistics industry.

In this month's edition of INTRANSIT, we will highlight one of the Connecting Europe Facility (CEF) projects our member Trade Trans Combi has been working on in order to provide more safe and secure parking in Europe. The project has had its kick-off event for the CEF-funded project Creating a network of connected safe and secure parking areas in Hungary and Romania (SecureNetwork).

The European Secure Parking Organisation is steadily expanding and offering its services in several ways. In this edition, we want to showcase the benefits of membership to our organisation. We are enlarging our membership to more and more entities within the Member States as we endeavour to make the logistics industry a safe and more secure place and are excited to introduce to you these partnerships in the upcoming months.

In addition, we will be featuring one of our members from Tank & Rast, Autohof Wörnitz and the many amenities and safety features they offer to their customers. Finally, our readers can explore the connectivity of the Bosch Secure Truck Parking platform as our associated member, Bosch Service Solutions, makes an effort to close the gap in the shortage of secure parking spaces for drivers.

Take care and thank you for building a safer and more secure logistics industry with us !

Best wishes,

Dirk Penasse

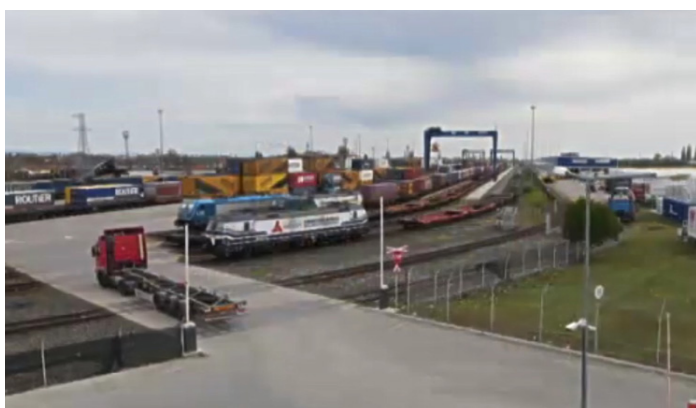

LAUNCH OF SECURENETWORK PROJECT

ESPORG member Trade Trans Combi held a successful kick-off event (<https://stirileprotv.ro/stiri/a/p-parcare-securizata-pentru-camioane-la-curtici-dezvolta-ta-de-trade-trans-combi.html>) of its CEF-funded project on 10 May 2021 in Curtici (Romania).

In the presence of MEP Gheorghe Falcă and the President of the County Council of Arad, Iustin Cionca, Mr. Jean-Louis Colson, the head of unit for road transport of DG MOVE, as well as Dirk Penasse, General Manager of ESPORG, the official kick-off of the CEF-funded Action Creating a network of connected safe and secure parking areas in Hungary and Romania (SecureNetwork) (<https://ec.europa.eu/inea/en/connecting-europe-facility/cef-transport/2019-eu-tmc-0323-w>) was launched.

The event was broadcasted on regional and national TV and the event proved to be a success. More information on the event is available here:

- TTC Youtube Channel; (<https://www.youtube.com/channel/UCpWFF7erLWnxHEzNx3k7VVQ>)
- Project website. (<https://www.weareotra.com/blog-list/project-in-curtici/>)

AUTOHOF Wörnitz

AUTOHOF WÖRNITZ: A GREAT AND SECURE TIME

"Autohof Wörnitz: eine schöne zeit"

This is the motto that Autohof Wörnitz uses to welcome their guests. This ESPORG member does not only offer a great time with its various services, but also a safe and secure location for the drivers and customers who use its parking area. Located directly off the A7, at the intersection of Middle Franconia and Hohenlohe, the parking area has regular parking spaces available as well as spaces with a high level of service and security (Level 4 in the old LABEL system).

Rest Easy—Secure Parking for its Customers
The parking area ensures even more security in several truck parking spaces. As a member of the ESPORG (European Secure Parking Organization), Autohof Wörnitz has adapted the security standards for truck parking spaces in accordance with the EU guidelines for secure parking and had them certified by DEKRA. Below are just some of the security measures the parking area provides:

- Fence system with barriers and roller door
- Secured personal access
- Video surveillance on the park area
- Video surveillance at the entrance and exit
- Acquisition and comparison of license plates on entry and exit
- Registration and comparison of drivers when entering and exiting

Companies and drivers can book secure parking spaces at Wörnitz through the Truck Parking Europe and Bosch booking applications.

Service at Its Finest

Autohof Wörnitz offers excellent cuisine with fresh regional products, impeccable service and a wide range of entertainment. Other services offered include:

- 24/7 availability (Currently limited opening hours due to Corona restrictions.)
- Restaurant with regional specialties and takeaway meals
- Terrace with beer garden
- Shower and washrooms
- CB radio and satellite TV
- Wake up service
- Telephone / fax service
- EC ATM
- Handicapped facilities
- Car, truck, bus and security parking spaces
- Large and fully-supplied shop
- DK high-performance columns
- Tire service
- Self-service vacuum cleaner
- 24-hour breakdown service
- Billing office for road tolls
- Copier

Try out the local cuisine at a top-notch restaurant

In advance: Due to the still prevailing corona pandemic and the associated restrictions, certain services of the Autohof Wörnitz are only available to a limited extent. In addition, the opening hours are currently limited. Please visit the homepage <https://autohof-woernitz.de> for more information.

Wörnitz only serves freshly prepared, high-quality dishes. To make this possible, most of the ingredients are directly procured from regional suppliers in the Franconian region. The restaurant is open daily from 8 AM to 11 PM continuously. Customers can walk in or reserve and there are many options for larger groups, such as those travelling by bus.

Refreshingly Green

Take a relaxing break on the sunny terrace at Autohof Wörnitz or beneath the shade of the trees in the Bavarian beer garden. Chestnut trees create a cozy atmosphere in which customers can enjoy specialty dishes fresh from the grill during the barbecue season. Every Friday they offer delicious, hearty food straight from the local grill hut.

24-Hour Tanking Service

At its modern Shell service station, customers can find almost everything they or their vehicles might need on the go. The large Shell shop is open around the clock, 365 days a year. In addition to normal, super and diesel varieties, LPG and the addition of AdBlue for trucks in accordance with the requirements of the Euro 5 standard are offered at the petrol pumps.

Family-Friendly

Apart from all its security and services, Autohof Wörnitz offers entertainment for all its visitors, young and old. Children will find plenty of space to run around and play. A great multi-function and spacious playground with a slide awaits visitors young and old. There is also a play area in the restaurant for children to enjoy and of course a wide selection of dishes on the special children's menu.

Come visit ESPORG Member, Autohof Wörnitz!

CONNECTING SAFE & SECURE PARKING AREAS THROUGH BOSCH SECURE TRUCK PARKING

Bosch Service Solutions, an associated member of ESPORG, has recently connected four ESPORG member safe and secure parking areas (SSTPAs) with its online booking platform. The SSTPAs belong to the German Tank & Rast group and include Autohof Wörnitz, ROSI'S Autohof Zeven, ROSI'S Autohof Pilsting, and ROSI'S Autohof Bad Hersfeld Süd.

Bosch Secure Truck Parking is Bosch's booking platform for secure truck parking in Europe. Users can use the platform to book, pay, and view secure parking spaces. In addition, the application offers rest at truck stops and depot sites in order to make up for the shortage of parking spaces.

Dispatchers can quickly and easily plan for parking spaces to match the routes of their drivers. In addition, drivers can easily and directly book free parking spaces themselves via their app on their smartphones. When drivers arrive at the secure area, he or she can open the gate through the Bosch app. If drivers have no reservation but still need a place to stop and rest, they can book a secure parking space for the day or night with the feature "Park Now". Through this feature, drivers can enter and exit the secure parking area and the booking will be added to a monthly invoice.

You can find the direct links to each parking area on the Bosch Secure Truck Parking platform below:

ROSI'S Autohof Zeven:

<https://portal.bosch-secure-truck-parking.com/en/?detail=1&id=4860&locale=en>

ROSI'S Autohof Pilsting:

<https://portal.bosch-secure-truck-parking.com/?detail=1&id=4859&locale=de>

ROSI'S Autohof Bad Hersfeld Süd:

<https://portal.bosch-secure-truck-parking.com/?detail=1&id=4868&locale=de>

Autohof Wörnitz:

<https://portal.bosch-secure-truck-parking.com/?detail=1&id=1272&locale=de>

You can also access these direct links via the ESPORG application, as shown here in the example given for ROSI'S Autohof Pilsting:

Just click on the Bosch logo on the righthand side and you will be directly connected to the Bosch Secure Truck Parking platform to book the secure parking area.

Bosch Secure Truck Parking is part of the growing secure parking network throughout Europe and along with its partner, ESPORG, encourages its partners to convert their areas into high-security parking spaces.
